

Quick & Easy Ordering

Easily re-order lenses by simply scanning the package barcode. Don't have the bar code? No problem! Just point and click on the items you wish to order.

Over 34,000 Square Feet of Quality Brand Name Lenses

LenStock provides eye care professionals with exclusive access to over 34,000 square feet of brand name lenses all under one roof. Exclusive access to this vast inventory enables eye care professionals to receive virtually every brand of lens in one shipment, often saving the office hundreds of dollars annually in shipping costs.

Free Inventory Management

LenStock has an optional inventory management system that can be used free of charge. Complete with minimum and maximum reorder limits, never again will you have to manually count or approximate the value of your stock lens inventory.

Real-Time Product Availability

LenStock customers enjoy the convenience of knowing at the time of order how many products are available and what items are out of stock. No competing lens ordering portal comes close to the functionality of LenStock.com.

Determining the real-time dollar value and inventory count of your lens stock is as easy as a mouse click.

LenStock is a business-to-business website that enables eye care professionals to quickly and easily order all major brands of stock lenses from one source.

step 1

Open your website browser and enter www.LenStock.com into the address bar.

<http://www.LenStock.com/>

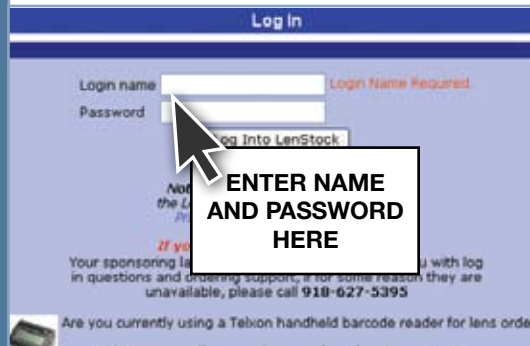

step 2

Click on the "LOGIN" button in the top left hand corner of your screen.

step 3

Type your login name and password into the provided fields and click on the "LOG INTO LENSTOCK" button.

step 4

From the home page, select "ADD TO CART" from the top left "ECP Menu".

step 5

Next, select the method by which you would like to order your lenses.

For example, if you prefer to order lenses based upon the lens material, click on that button.

step 6

The drop down menus let you select the lens material, type, coating and brand. Make your selections for the lenses to be ordered. As you select from the drop downs, only the products available from the warehouse will be shown.

To select a product, click on "VIEW CHART" next to the product name.

step 7

The chart will show the real-time inventory of the product in the warehouse. Green = In Stock, Yellow = Low Stock and Red = Not In Stock

ENTER # HERE

To order a lens, click on the colored box to the left of the inventory status box in the chart and enter the number of lenses you would like to order for each Rx. Additionally, you may also add a tray number for these lenses if desired. Once you have entered the desired lens quantities click on "ADD TO CART."

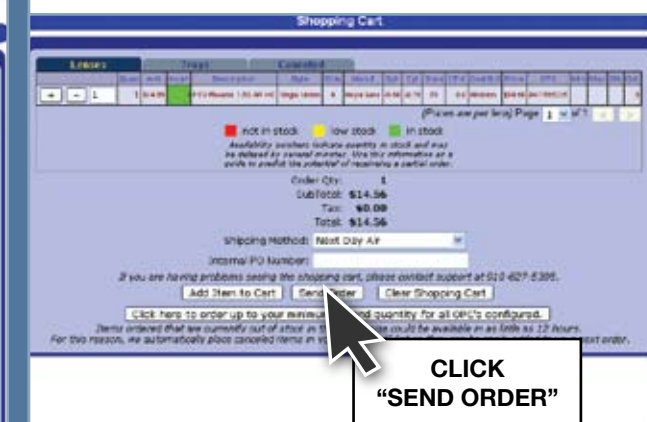

step 8

To view your shopping cart and/or check out, select "SHOPPING CART" from the "ECP Menu" in the top left hand corner of your screen. From this page, you can adjust the quantity of your order, or send your order.

step 9

After reviewing the items in your shopping cart and choosing a shipping method, select "SEND ORDER" from the buttons below. **This will complete your order.** All items in stock will be shipped via the method specified.
