

*"I like to design eyewear that is truly feminine, not unisex like so many frame designers do today. My styling captures a refined sophistication that is decidedly feminine. Elegant lines, passionate colors and intricate detailing convey the look and feel that today's women look for in a fashion frame."*

— Maggie Yao

MAGGIE YAO

*Laser-cut stainless steel end pieces, some coupled with colorful acetate temples, give these beautiful frames a sophisticated look to elevate the fashion sense of a child or young woman.*
